SUPREME COURT REPORTS

Ohio Courts are subject to the Rules of Superintendence of Ohio Supreme Court. The rules of superintendence include rules governing the operations, funding, standards for courthouse facilities and a requirement that all Ohio courts file monthly reports with the Supreme Court in order to verify that the Court is hearing and resolving cases in a timely fashion.

Each month, Ohio Juvenile Courts file reports to inform the Supreme Court on the number of new cases filed or transferred into the Court, along with cases heard and terminated in the month of the report. The detail of the reports also includes information on whether the cases were heard by the judge or magistrates. The Supreme Court provides guidelines recommending the maximum recommended time a case may be before the Court from filing to termination.

The following table is a recapitulation of all of the cases filed, transferred into the Court and terminated by the Court in the calendar year 2012. Each case type is tracked on the report and every case is accounted for each year.

WAYNE COUNTY JUVENILE COURT TYPES OF CASES HEARD IN JUVENILE COURT

DELINQUENT CHILD: When a person under the age of eighteen commits an act which, if committed by adult, would be a crime, the juvenile is determined to be “delinquent;” that is, late in developing proper judgment to follow the requirements of law. **In 2012, the Court addressed 536 Delinquency cases.** [Click here](#) to read more about Delinquency on the Juvenile Court’s website.

PARENTAGE: A parentage action may be commenced by a child, a person claiming to be the parent of a child, such person’s representatives, or the Child Support Enforcement Agency (CSEA). Determination is usually made by the use of DNA testing of the parents of the child. Once parentage has been established, the issues of parental rights and support may be addressed. . **In 2012, the Court addressed 37 parentage matters.** [Click here](#) to read more about Parentage, Support, Custody, or Visitation on the Juvenile Court’s website.

UNRULY: A child who does not submit to the reasonable control of the child’s parents, teachers, or guardian may be adjudicated an unruly child. A child who is truant from school, or behaves in a manner as to injure or endanger his or her health or morals, or the health or morals of others, also may be adjudicated an unruly child. The Court has broad discretion to fashion a remedy which results in a cessation of the unruly conduct. **In 2012, there were 185 unruly cases filed.**

ADULT: Adult cases are prosecutions against persons over the age of eighteen years accused of contributing to the delinquency of a minor. **In 2012, the Court addressed 54 adult cases.**

MOTION FOR PERMANENT CUSTODY: Motions for permanent custody are filed in situations where the child's environment is so inappropriate, and the parents' ability to care for the child is so inadequate, that it warrants permanently terminating the rights of parents in the parent-child relationship. **In 2012, the Court addressed 46 motions for permanent custody.** Such motions may be filed as a part of an abuse, neglect or dependency case. [Click here](#) for more information about Abuse, Neglect, and Dependency.

CUSTODY / VISITATION: Issues of custody and visitation between parents of children of parents who were married to each other then divorced are heard by the domestic relations division of the Court of Common Pleas. [Click here](#) for more information about Support.

U.I.F.S.A.: The Uniform Interstate Family Support Act is embodied in Ohio law in §3115.01 et seq. and provides a procedure whereby court orders of support in different states may be enforced in Ohio if one of the parties is an Ohio resident. **In 2012, there were no UIFSA cases filed.**

ALL OTHERS: Cases which do not fall into the categories listed here are recorded in the Supreme Court Report.

¹ Ohio Supreme Court Report Implementation Manual—Form D Juvenile Courts

Judge

The Judge of the Wayne County Court of Common Pleas Juvenile Division is elected to a six-year term, and is the chief judicial officer of the Court. The judge of the juvenile court is also the clerk of the court. In order to qualify to seek the office of judge, a person must have received a law degree from an accredited college of law, must have taken and passed the Ohio bar examination, and must have been admitted to the bar and been engaged in some form of law practice for at least six years.

Magistrates

Magistrates must also be attorneys admitted to the bar. Magistrates are appointed by the elected judge and serve an indefinite term. Magistrates hear cases and conduct hearings in the same manner as the judge, however, their decisions are subject to objection by one or both of the parties to the legal action they are deciding. Upon written objection, the judge may decide to rehear the case, may modify the magistrate's decision or may remand (send back) the case to the magistrate for further hearing.

Court Administrator

The Court Administrator is the person charged with responsibility for the overall operations of the Court. The CA supervises staff, prepares and administers the budget, implements policies and procedures in concert with the judge to provide for the efficient operation of the Court. It is not necessary for a court administrator to be an attorney but a growing number of court administrators are admitted to the bar.

Deputy Clerks

Since the judge of the Court is also the clerk of the court, the judge is authorized to appoint deputy clerks to assist in the administration of the Court. Deputy clerks receive pleadings and other documents filed with the Court, receive and distribute payment of fines, court costs and fees, issue notices and generally maintain the records of the Court by processing the paperwork of the Court from case filing to termination.

AUTOMATION

In late 2009 the Judge of the Wayne County Juvenile Court along with the Judges of the Courts of Common Pleas and Municipal Court established Court Technology Committee. The CTC is made up of representatives of the administrative judges of each of the courts. Their purpose is to assist the judges in administering the combined computer fees generated by all of the courts.

The Court periodically updates equipment as new technology becomes available. Computer funds generated by user fees controlled by the courts' Court Technology Committee are used to purchase equipment.

Public Records Access

Although most of the juvenile court records are non-public, the Court provides access to the few records that are public through the Internet. Records may be accessed through the Wayne County Clerk of Courts web site at <http://www.waynecourts.org/disclaimer>.

E-Filing

The Court is working in conjunction with the Clerk of Common Pleas Court and Wayne County Municipal Court on an electronic filing procedure which will allow litigants and attorneys to file documents on-line. This procedure will begin rolling out in September 2013.

Document Imaging

Wayne County elected officials, including the courts, are working on a plan for imaging documents on computer rather than relying on paper pleadings and records.

Credit Card Acceptance

The Juvenile Court is planning on introducing the use of credit cards for the payment of fines, costs and fees. Credit card acceptance is also a condition precedent to making e-filing available.

APPOINTED COUNSEL

The U.S. and Ohio Constitutions require that parties understand their legal rights. In cases where there is a need for legal representation and the parties are financially unable to pay for private counsel, attorneys must be appointed at public expense. The right to counsel arises when there is a potential for loss of liberty or when a fundamental substantive legal right is at issue, such as termination of parental rights. The Court paid a total of \$236,289.98 for appointed counsel in 2012.

The Court paid \$81,697.00 of the \$236,289.98 for the dependent, neglect and abuse cases for attorneys appointed to serve as *guardians ad litem* for children involved in the court system. *Guardians ad litem* are unbiased persons who assist the Court to investigate and make recommendations regarding the best interests of the children in court cases.

OUT OF HOME PLACEMENTS

The Court's practice is to make use of local resources to rehabilitate youth. In some cases, however, community-based programs are not a viable option because of community safety issues, because the child's behavior presents a danger to his health and well being, or because the child has not been amenable to other efforts to effect change. In instances where it is necessary to place juveniles in private treatment facilities, group homes, therapeutic foster homes or Multi-County Juvenile Attention System (MCJAS) facilities, the Court system refers to this generally as "Out of Home Placement."

Juveniles found delinquent because they have committed a misdemeanor or felony may be placed in detention locally. Those juveniles who have been delinquent because they have committed an act which, if committed by an adult, would be a felony, may be committed to the Ohio Department of Youth Services or a Community Corrections Facility.

OUT OF HOME PLACEMENTS

(Continued)

In the year 2012, a total of two youth were committed to the Ohio Department of Youth Services (ODYS). At disposition, placements may be made into the MCJAS. Fifteen such placements were made in 2012:

<u>MULTI-COUNTY FACILITIES</u>	<u>TOTAL YOUTH PLACED</u>
Community Corrections Facility	3
Residential Treatment Center	7
New Philadelphia Group Home	2
Rogers Group Home	1
Canton Group Home/711	2

Where appropriate, a juvenile may be placed in a facility other than detention or ODYS. As a part of disposition, the court determines which facility will be the most appropriate to reform the juvenile's behavior. The following is a summary of the seventeen youth in such placement facilities in 2012:

<u>FACILITY</u>	<u>TOTAL YOUTH PLACED</u>
Village Network	9
Central Ohio Youth Center	1
Abraxas	1
Berea Children's Home	1
Buckeye Ranch	1
Washington House	1
Children Center of Ohio	3

GRANTS

The Court receives several grants that assist the court in covering the cost of services to youth.

The Ohio Department of Youth Services (ODYS), which is itself funded by the taxpayers of the State of Ohio, apportions a grant called “[RECLAIM Ohio](#),” which stands for Reasoned and Equitable Community and Local Alternatives to the Incarceration of Minors. The purpose of the grant is to reduce the number of youth committed to ODYS by providing funding for programs that are designed to stop delinquent behavior in juveniles who are at risk for more serious offenses. The Court also receives grants, called the “510” Fund, from Youth Services Grant, and a grant to provide for Victims of Crime Assistance (VOCA/SVAA). The RECLAIM Ohio and the “510” Fund from Youth Services grants are both on a fiscal year running from July 1 through June 30, and the VOCA/SVAA grant is on a fiscal year running from October 1 through September 30.

The following is a summary of the amounts received in the 2012 calendar year from these grants.

<u>Grant</u>	<u>Amount Received</u>
RECLAIM Ohio	\$0.00
“510” Fund From the Youth Services Grant	\$380,545.07
VOCA/SVAA Grant	\$28,694.00

PROBATION SERVICES

Probation is the Court-based supervision of juveniles who have been adjudicated unruly or delinquent children. Not all juveniles appearing before the Court are assigned to probation supervision. In some of these cases, the probation department may have been ordered to gather additional information for the hearing officer, and compile it in a pre-disposition report with recommendations to substantiate the findings.

Youth may be assigned regular probation or TEMP probation. TEMP Probation is a specialized probation caseload created to deal with chronic truants. For those juveniles placed on regular or TEMP probation, the probation officer is responsible for monitoring the activities of assigned probationers, and ensuring their compliance with court orders. Five full-time probation officers are employed by the Court and are assigned cases based on the home school district of the juvenile. This allows for efficiency in the department, since probation officers consult with school personnel, conduct in home visits and confer with local law enforcement. Probation officers have arrest authority over any juvenile assigned to the department, and are responsible for filing the necessary legal documents when doing so. The probation officers administer drug tests and assessment instruments, as well as obtain psychological and risk assessments from outside resources to supplement their information. The Court's probation department is certified by ODYS to complete assessments for juvenile sex offenders. Additionally, probation officers refer the juvenile and their family to local agencies for services to address the area of need.

In cases where the juvenile fails to respond to probationary efforts, or presents a safety risk to the community or him/herself, an out of home placement may be ordered by the Court. Probation officers are responsible to seek an appropriate residential placement and monitor the juvenile's progress while in placement, as well as assist in aftercare when the juvenile is returned to the community. The probation officers fulfill other duties as ordered by the Court, such as conducting community safety evaluations, collecting DNA specimens, and monitoring electronic house arrest.

In 2012, the probation department supervised a total of 131 youth on probation. The probation department completed 75 pre-dispositional reports with another 15 reports remaining open at the end of the year. Twenty-three youth were assigned to TEMP Probation. Forty-three youth were released from probation, 53 were placed on probation throughout the year., and 12 cases remained on probation from the previous year. **Including all services performed by the probation department, the probation officers worked with a total of 158 youth this past year.**

JUVENILES ADDRESSING RESTITUTION-JAR PROGRAM

The judicial system seeks to hold juveniles accountable for their actions as well as requiring them to make restitution for damages experienced by the victim. In cases involving violations against property, the Court strives to aid the victim in receiving compensation for damages or loss of property, caused by the delinquent acts of juveniles. In order to do this, the Court may require the payment of restitution to the victim. The ability to collect monetary compensation for the victim can be hindered by various factors such as the limited sources of revenue for the juvenile, the age or functioning level of the juvenile prohibiting employability, the availability of jobs, lack of transportation in order to obtain a job, and/or parental inability to pay.

JAR is a program operated by the Court that provides a means for juveniles to pay Court-ordered restitution. Referral to the program is made from the bench by the Judge or Magistrate. The program allows juveniles to perform community service work that is converted to minimum wage per hour worked. The Court's Compliance Officer monitors and tracks the community services hours performed by the juvenile. The Compliance Officer arranges community service work sites or in cases where the juvenile has access to a volunteer work source, they may make their own arrangements at an approved work site. Work hours are documented and the Compliance Officer submits proof of completed hours to the Court for processing of payment. Restitution payment is made by the Court directly to the victim using money secured through the Youth Services/RECLAIM grant.

Should a juvenile be appropriate for the JAR program and was not referred from the bench, the Compliance Officer may file a request with the hearing officer for the referral. A juvenile may be dismissed from the JAR program for failure to comply with the conditions of the program.

The purpose of the JAR program is to aid the victim of certain crimes committed by the delinquent acts of juveniles in receiving restitution for their losses as determined by the Court. While the primary goal is to repay the victims, the program does provide for the offender to be held directly accountable for his/her actions by giving of their time and effort.

In 2012 eleven youth were admitted to the JAR program and \$5,202.12 was paid to victims for losses.

WORK PROGRAM

The Work Program started in July 2012 as a replacement for the Saturday at Work Program. The Saturday at Work Program contract with The Village Network was terminated in June 2012 due to a loss of funding from the state RECLAIM grant. The Work Program is designed to provide an immediate response to youth who violate their probation or fail to complete their community service. The program also allows youth with difficult schedules or circumstances and who need direct supervision, an avenue to complete community service hours.

The program allows five juveniles per program day to complete community service hours under the direct supervision of two probation staff. The program is scheduled for one day each month, eight hours per day. Work sites vary according to the availability in the community and weather conditions. The program is funded through the RECLAIM Ohio Grant and operates on a fiscal year from July 1 through June 30.

In FY 2012, there were 77 referrals made to the program. Of the 77 referrals 67 were successful, 5 were excused due to illness, and 5 were unexcused.

CHEMICAL ABUSE & BEHAVIOR PROGRAM

The Chemical Abuse and Behavior (CAB) group is a program initiated by the probation department in 2011. The group focuses on substance abuse and behavior issues and uses various curriculums addressing thinking errors, relationship building, problem solving skills, etc. The group is run by a certified substance abuse counselor from Catholic Charities. The Court contracts with Catholic Charities to provide this service, which is paid for by the RECLAIM Ohio grant. A youth may be assigned to this group as a result of a positive drug screen, as a sanction for possession or usage of illegal substances/paraphernalia, or as part of an aftercare plan following a more intensive treatment program. The group meets Thursdays after school and is interactive by design. **In 2012, 19 youth were referred to the program; 2 girls and 17 boys. All successfully completed the program.**

TRUANCY ENFORCEMENT MONITORING PROGRAM (T.E.M.P.)

The judicial system seeks to keep youth in school and receiving an education for their future. A probation officer of the Court serves as a monitor for T.E.M.P., a program that monitors youth who have been adjudicated as truant and must become compliant with a court order of attendance. The monitor investigates the causes for youth who continue to be truant after the initial adjudication. The monitor enforces the initial adjudication, leading to further sanctions from the Court on non-compliance issues with the initial Court order.

In 2012, 96 youth were monitored for Court Ordered attendance. Forty-three youth were terminated from the list and 53 youth are still being actively monitored. There have been seven warnings and 96 additional motions filed with the Court for further sanctions including time served at the Linda Martin Attention Center and community service hours.

CLINICAL AND DIAGNOSTIC EVALUATIONS

The Court obtains psychological evaluations and risk assessments for a variety of reasons with the findings and recommendations of these evaluations used for case planning, dispositional options, amenability, sex offender classification purposes, or for cases where out of home placements are being considered. The Court contracts with outside sources to obtain these evaluations. **In 2012, 18 psychological and risk assessments were performed. The evaluations and assessments are funded by the RECLAIM Ohio grant.**

Drug screens are administered by the Court's probation officers as an aid in monitoring youth's compliance with probation or for evaluation purposes. The drug screens are paid for by the youth and from the Probation Services Fund.

COMMUNITY CONTROL COMPLIANCE

All youth who are adjudicated delinquent or unruly in the Court may not come to probation for monitoring. Many youth are placed under Community Control and given a variety of sanctions. Those sanctions can include community service, obtain a high school diploma or a certificate of high school equivalence, obtain an alcohol/drug assessment, obtain alcohol/drug counseling, obtain anger management counseling, serve monitored time, electronic monitoring with house arrest, pay restitution, letter of apology or any other order the Court deems reasonable. In 2012, a designated probation officer was assigned to monitor compliance of those Community Control sanctions by these non-probation youth. This probation officer also monitors a probation caseload.

Once a youth is placed on Community Control with sanctions (excluding probation) a copy of that entry is forwarded to the probation officer in charge of monitoring. That probation officer will track the due dates of the sanctions and send letters 30 days in advance to remind the youth of the upcoming due date. Once all sanctions under Community Control are met, the probation officer will make a Motion to the Court requesting Community Control be terminated. If the youth has not been granted an extension, and the due date passes with no proof of completion submitted, the probation officer will file a complaint for Violation of a Court Order or a Motion for Contempt.

In 2012 the Community Control Compliance Program monitored 161 cases, 88 cases were terminated with all sanctions being completed, and 78 cases remain open and monitored into 2013. The Community Control Compliance program has allowed the Court to be more efficient in monitoring its Orders and holding individuals who violate Community Control accountable.

CARTEENS

The Court requested the assistance of The Ohio State University Extension Office in seeking Americorp funds to develop a Driver's Education Program for first time moving violations. The program is now called Carteens. **One hundred twenty-seven teen traffic offenders completed Carteens in 2012.**

COMMUNITY SERVICE

Community service is a frequently used dispositional order that requires a youth to perform work beneficial to the community. The program provides youth with an opportunity to “repay” the community for the problems caused by the youth’s behavior, as well as provide the youth with the opportunity to gain work experience. Youth who participate in the Court’s Diversion program may also be assigned community services as a condition of that program.

In 2012, 4961 hours of community service were ordered in 189 cases, and 3843 hours were completed in 160 cases.

STUDY TABLE

Study table is an after school program conducted by the Wayne County Juvenile Probation Department. It offers youth involved with the probation department an avenue to improve their academic performance by working in a small group setting. Youth can be assigned to participate in Study Table as a consequence for violating probation, being absent or tardy to school, getting into trouble at school, or as a means to catch up on school work or improve their grades. Youth are required to bring their own assignments to complete during Study Table. A probation officer facilitates and monitors the youth in attendance. Study Table is currently held on Wednesday afternoons from 3:30pm-5:00pm.

A.S.M.A. (After School Martial Arts)

A.S.M.A. is a program taught by Robert Kelley, a Juvenile Probation Officer and Martial Arts Master, in which Juvenile Court-involved youth have the chance to learn and practice Martial Arts. This program allows youth to study self-defense as they learn to control their anger, fear, and self-doubt. A.S.M.A. teaches the core values associated with leading a productive and positive lifestyle, such as establishing a positive self-image, character building, and learning life skills. These core values help the participants to develop a strong sense of self and aids them in resisting negative influences and peer pressure.

In 2012, 20 youth participated in the A.S.M.A. program. Participants have the option to participate in tournaments if they so choose. Youth have earned several placements at tournaments in which they participated.

BOOK CLUB

Since the Book Club was established in 2003, the Court has participated in an alternative community service option and invited appropriate youth to join the Juvenile Court Book Club. Youth are referred to the Book Club by either the Probation Officers or the Director of Intervention Services. Participants read three to four books each session for which the youth receive community service credit. They must show that they have read the book and participate in weekly “club meetings” to obtain credit. A library of books for participants was created from funds made available through a mini grant from the Mental Health and Recovery Board and the Martha Hawks Bequest.

In 2012, 12 youth participated and 10 were successful in completing the program.

LIFE SKILLS

Since 1982, the Court has cooperated with Goodwill Industries to provide a job skills program that allows youth to develop appropriate work skills and experience. Youth are also able to earn funds to pay fines, costs and restitution. The Probation Department is responsible for supervising these placements and working with the Goodwill staff to provide a support system for the youth. Goodwill also provides a life skills class to help those in the program learn about different careers, interview tips and how to apply for employment. This program is funded by the RECLAIM Ohio grant.

During Fiscal Year 2012, 14 youth were referred to job skills. Nine of those referred were successful, three were not successful, and two remained working in the program.

YOUTH DEVELOPMENT WORKER

The Court uses grant funds to contract with Your Human Resource Center for the services of Youth Development Worker Keith Waggoner, who supervises the FIAT (Fitting It All Together) Program. Keith's main function is to provide opportunity for the development of basic socialization skills, as well as planning and supervising recreational and social skills programming. **During 2012, 16 youth were served in the boys' program. Two youth successfully completed the program, one youth moved out of the county, and 13 youth remain active in the program.**

The FIAT program has a successful weekly program entitled Hoops & Homework that takes place during the school year. In cooperation with the College of Wooster, Hoops & Homework allows youth to develop a one-on-one relationship with volunteers from the College of Wooster Men's Soccer Team. Once a week the youth receive tutoring, a meal, and a chance to get involved in some physical activity with the volunteers. Both the youth and volunteers enjoy the program, which has been running for eight consecutive years. Most of the youth have shown improvement in their academic performance and have developed better self confidence. Eight boys participated in Hoops & Homework during the 2011-2012 school year. All the boys participating in the program advanced to their next grade level. The boys also participated in the ASMA Program.

The Youth Development Worker also organized weekly educational and/or recreational programs throughout the entire year. Such activities are designed to

YOUTH DEVELOPMENT WORKER (continued)

provide structured pro-social activities to develop and enhance life skills. Activities include camping, snow tubing, fishing, basketball, and fishing. In addition, the boys visited The Great Lakes Science Center, The Pro-Football Hall of Fame, Cleveland Aquarium, and The University of Akron. Youth also attended sporting events of The Cleveland Indians and The Akron Aeros. Opportunities are provided to participants individually and as a group, depending on the needs of the participant. Youth also participate in community service activities, such as Meals Together, Pinwheels for Prevention Program, cleaning local parks, and landscaping/painting for Your Human Resource Center and The Children's Advocacy Center. Local resources utilized by the FIAT group are: Wayne County Public Library, Skateland, Reins For Life, Rittman Recreation Center, Wayne County and Wooster City parks, and The United Methodist Church-Wooster. Three youth who excelled in the FIAT program were chosen to attend PRIDE, a national youth alcohol and drug prevention program.

YES PROGRAM/INTENSIVE CASE MANAGER

Angie Giltner, LSW, LCDC III serves as supervisor for the YES Group and as Intensive Case Manager at Your Human Resource Center, providing services for youth referred by Wayne County Juvenile Court personnel. The Program receives monies from the Juvenile Court, Mental Health and Recovery Board, and raises approximately \$500 annually through private fundraisers.

The Youth Experiencing Success (YES) Group is an extensive program designed to empower girls, as well as develop acceptable social, vocational, and educational skills, while improving their self-image, increasing their self-awareness, and developing internal assets. YES also teaches resiliency skills against drugs and alcohol, and teaches healthy coping skills. This group provides the girls the opportunity to experience programming such as cooking, painting, jewelry making, budgeting, physical health, and job skills. The program also focuses on creative development, such as attending musicals and plays, art shows, and discovering community resources.

In FY2012, one young lady successfully completed the YES Group. Three young ladies remain active in the program, remain in school, and are doing well. One young lady attended PRIDE, an anti-drug youth conference in Indiana. All of these young ladies participated in Child Abuse Prevention week/month activities, engaged in voluntary community service, and other community events that promote a sense of belonging and community pride.

PARENTS AND CHILDREN COOPERATING TOGETHER

PACCT is a home-based family therapy program provided by contract through Catholic Charities Community Services. To be eligible for services, families must reside in Wayne County, have one or more children in the family who was referred as a condition of a diversion contract, or who has been adjudicated delinquent or unruly. The program is funded by the agency, United Way and the Court. Youth at high risk for out-of-home placement are referred to this program along with youth who may avoid any court involvement by being successful with the program. The program is flexible and works with the family to address whatever issues are creating problems for the youth and their family. Services may be short term and intensive or continue for a longer period of time depending on the specific needs of the youth. **During FY 2012, 52 youth participated in the PACCT program.**

A major focus of the program is to provide home-based counseling to referred youth and their families. This approach allows the therapist to address family issues that may impact the functioning of the referred youth as well as assist siblings to avoid future problems. Youth and families, at the time of the referral, also do not necessarily see the value of family counseling and one of the elements of the program is to find ways to interest families in engaging in the therapy process.

As a result of PACCT, Catholic Charities Community Services has developed anger management groups to aid youth in better controlling their feelings of anger and aggressive behavior.

VOLUNTEER GUARDIAN AD LITEM PROGRAM

Karin Connolly Wiest became the coordinator of this program in October 1998. Her position is funded through a one year VOCA/CASA grant with the County providing matching funds.

The program had fourteen volunteers handling cases in 2012, with 79 children being served. Attorneys are appointed as GALs when volunteers are not available.

INTERVENTION SERVICES

The Director of Intervention Services, Janel Usternul, LSW, is responsible for implementation of the Diversion Program. The goal of the Diversion Program is to divert first time juvenile offenders from the court system. The Director receives referrals from the Prosecutor's Office of juveniles who have had police reports filed. First time offenders with misdemeanor offenses and occasional felony offenses may be eligible for Diversion. The youth will comply with the program components, which may include:

- *90 day minimum agreement
- *daily attendance at school
- *curfew, essays, community service
- *no additional charges filed within 90 days
- *referral to community resources (counseling, drug/alcohol education, anger management)

If the youth completes all requirements of the agreement, the youth will be removed from the program and no further action will occur. If the youth does not meet the requirements of the Diversion agreement, the youth is then terminated from Diversion as unsuccessful. The original complaint that brought him/her to Diversion is returned to the Prosecutor for possible formal action.

In 2012, the Director of Intervention Services received 128 new referrals. The number of youth who completed Diversion was 113. Of these, 69 were successful, 10 were unsuccessful, 11 were dismissed, and 23 were returned.

The Director of Intervention Services also coordinates the **Truancy Intervention Program** for all schools in the county. The Court believes that early intervention is essential in addressing truancy. The goal of the program is to address truancy issues in a timely manner, reduce chronic truancy problems in all grades, and avoid formal Court action. The program provides supports and resources to the family and student in an effort to increase attendance.

To be eligible, a student must attend a Wayne County or charter school, be in grades K-12, accumulate a minimum three unexcused absences, and have a parent or guardian present at the Truancy Intervention Meeting. Any staff member at the school may make a referral by calling the Director of Intervention Services. A meeting is set up with the school staff and the parent is sent a letter indicating the date and time of the meeting. At the meeting, a plan of action is developed by all parties who agree and sign. After the meeting if the plan does not work and the student continues to accumulate unexcused absences, the school may file truancy.

INTERVENTION SERVICES (continued)

During the 2011-2012 school year, in grades K-6, there were 79 referrals made to the program and 25 meetings held with a parent/guardian in attendance. These 25 meetings resulted in a plan agreed to by all parties in attendance. There were 54 meetings in which the parent/guardian did not attend and no plan of action was created. **In grades 7-12, there were 117 referrals made and 53 meetings held with a parent/guardian in attendance and a plan created.** There were 64 meeting in which the parent did not attend and no plan of action was created.

The following school districts participates in the Truancy Intervention Program during the 2011-2012 school year: Chippewa, Green Local, Central Christian, Wooster, Orrville, Dalton, Waynedale, Triway, Rittman, North Central, and Northwestern. School participation is critical in stopping truancy in the beginning stages, and coordination between schools, agencies, and the Court is essential in solving truancy issues. Thank you to the schools who have and continue to support the Court in decreasing truancy.

FAMILY AND CHILDREN FIRST COUNCIL

Children who present multiple needs and specialized treatment placements are referred to the Wayne County Family and Children First Council. Administrative representatives of Wayne County Children Services Board, the Mental Health and Recovery Board, Wooster City Schools, Wayne County Schools, the Wayne County Board of Developmental Disabilities, the Wayne County Health Department, the Wayne County Human Services Department, and other agencies work together to set policy for the Council.

Janel Usternul, as Director of Intervention Services for the Court, serves as the Juvenile Court's representative on the clinical diversion team which also includes the Council coordinator and representatives from WCCSB, The Counseling Center, Wooster City Schools, Tri-County Educational Services, agencies with alcohol and drug services, and Wayne County Board of DD. Through a team approach this group formulates interagency cooperative planning (and funding) for referred youth with special needs.

COMMUNITY AGENCIES -

THANK FOR YOUR VALUED ASSISTANCE

As has been noted in prior reports, a belief in community-based programming would fail without the aid of local resources. The help of The Village Network, Your Human Resource Center, STEPS (Substance Abuse, Treatment, Education and Prevention Services), the Counseling Center of Wayne-Holmes Counties, Catholic Charity Services, Goodwill, Wayne Center for the Arts, and other community agencies is greatly appreciated.
