**ANNUAL REPORT  
2010**

Judge Raymond E. Leisy

To:  
The Honorable Ann M. Obrecht  
The Honorable Scott S. Wiggam  
The Honorable Jim Carmichael

Commissioners of Wayne County, Ohio

May 29, 2010

Ohio Revised Code § 2151.18 requires Juvenile Courts in Ohio to annually report to their Board of County Commissioners and the communities they serve - showing the number of cases, kinds of cases and disposition of cases coming before the court for the preceding year plus any other pertinent information on the work of the court.

We are pleased to present to you the Court's Annual Report for 2010. If you are accessing this report on-line, please use the [links](#) provided throughout the report for additional information from our web site and from other related sites.

The Court is always seeking to improve our service through innovative and efficient means of providing service to the community. I extend our continuing gratitude to our many friends in the community for their support, collaboration and encouragement.

We hope you find this report informative and we welcome any questions or comments.

Respectfully Submitted,

*Raymond E. Leisy*

## SUPREME COURT REPORTS

Ohio Courts are subject to the Rules of Superintendence of Ohio Supreme Court. The rules of superintendence include rules governing the operations, funding, standards for courthouse facilities and a requirement that all Ohio courts file periodic reports with the Supreme Court in order to verify that the court is hearing and resolving cases in a timely fashion.

Ohio Juvenile Courts each month file what is referred to as Form D which specifically sets guidelines for juvenile courts and the period of time allowed for each case type.

The reports inform the Supreme Court on the number of new cases which were filed or transferred into the court along with cases heard and terminated in the month of the report. The detail of the reports also includes information on whether the cases were heard by the judge or magistrates. The Supreme Court provides guidelines which recommend to the trial courts the maximum recommended time a case may be before the court from filing to termination.

## 2010 SUMMARY OF CASES HEARD

The following table is a recapitulation of all of the cases filed, transferred into the court and terminated by the court in the calendar year 2010.

Each case type is tracked on the report and every case is accounted for each year.

## CASE TYPE MIX

The juvenile court has a broad diversity of case types which make juvenile court jurisdiction one of the most challenging in the state.

The pie chart below illustrates the mixture of cases and the relative percentage of each case type.

Although the combination of delinquency and traffic cases make up almost half of the total case load, it should be noted that case types such as abuse, neglect, dependency and motions for permanent custody take up a considerable amount of the court's trial time due to the highly contested and emotional nature of the legal and family issues in such cases. Delinquency cases, which include misdemeanors or felonies require a substantial amount of trial time and involve the efforts of the probation department and program managers in recommending dispositions and monitoring juvenile behavior.

## **WAYNE COUNTY JUVENILE COURT TYPES OF CASES HEARD IN JUVENILE COURT**

**DELINQUENT CHILD:** When a person under age of eighteen commits an act which, if committed by adult, would be a crime, the juvenile is determined to be “delinquent,” that is, late in developing proper judgment to follow the requirements of law. In 2010, there were 398 Delinquency cases filed. .

Click here for link to our web site on [Delinquency](#)

**TRAFFIC:** When a juvenile violates a traffic law, the juvenile is referred to as a Juvenile Traffic Offender. Juveniles are subject to different penalties, referred to as “consequences” compared to adult traffic offenders. In 2010, there were 565 juvenile traffic cases filed.

Click here for link to our web site on [Traffic](#)

**DEPENDENCY, NEGLECT OR ABUSE:** The court may determine that a child is abused, neglected or dependent under the definitions of the law. The court may remove the child from an inappropriate or dangerous environment in order to place the child in foster care, with relatives or with their families under supervision. In 2010, there were 112 abuse, neglect and dependency cases filed.

Click here for link to our web site on [Dependency, Neglect or Abuse](#)

**PARENTAGE:** A parentage action may be commenced by a child, a person claiming to be the parent of the child, their representatives, or the Child Support Enforcement Agency (CSEA) Determination is usually made by the use of DNA testing of the parents of the child. Once parentage has been established, the issues of parental rights and support may be addressed.

Click here for link to our web site on [Parentage](#)

**UNRULY:** A child who does not submit to the reasonable control of the child’s parents, teachers, or guardian may be adjudicated an unruly child. A child who is truant from school or behaves in a manner as to injure or endanger his or her health or morals or the health or morals of others also may be adjudicated an unruly child. The court has broad discretion to fashion a remedy which results in a cessation of the unruly conduct. In 2010, there were 119 unruly cases filed.

**ADULT:** Adult cases are prosecutions against persons over the age of eighteen years accused of contributing to the delinquency of a minor. In 2010, there were 44 adult cases filed.

**MOTION FOR PERMANENT CUSTODY:** Motions for permanent custody are filed in situations where the environment of the children is so inappropriate and the parents' ability to care for the child is so inadequate that it warrants permanently terminating the rights of parents in the parent-child relationship. In 2010, there were 9 motions for permanent custody filed. Such motions may be filed as a part of an abuse, neglect or dependency case.

Click here for link to our web site on [Abuse, Neglect, Dependency](#)

**CUSTODY / VISITATION:** Issues of custody and visitation between parents of children of parents who were married to each other then divorced are heard by the domestic relations division of the Court of Common Pleas. The Juvenile Court has jurisdiction over issues of child custody and visitation (parenting time) for children whose parents were never married to each other. In 2010, there were 145 custody and visitation matters filed.

Click here for link to our web site on [Custody, Visitation](#)

**SUPPORT:** The Juvenile Court has jurisdiction over issues of child support for children who parents were never married to each other. In 2010, there were 737 support cases filed. Issues of child support between parents of children who were married to each other then divorced are heard by the domestic relations division of the Court of Common Pleas.

**U.I.F.S.A.:** The Uniform Interstate Family Support Act is embodied in Ohio law in § 3115.01 et seq. and provides a procedure whereby court orders of support in different states may be enforced in Ohio if one of the parties is an Ohio resident. In 2010, there were no UIFSA cases filed.

**ALL OTHERS:** Cases which do not fall into the categories listed here are recorded on this line of Supreme Court Report.

## Case Termination Explanation <sup>1</sup>

As a part of the court's accounting for all cases filed or transferred into the court, the Supreme Court requires each juvenile court to report the legal manner in which the cases were terminated. The following is an explanation of the terminology used in the report.

### Trial by Judge:

This line is used to report the cases in each category that were terminated as a result of an adjudicatory and dispositional hearing by the judge.

### Trial by Magistrate:

This line is used to report the cases in each category that were terminated as a result of an adjudicatory and dispositional hearing by a magistrate.

### Admit to Judge

This line is used to report uncontested cases that are terminated by admission or agreement before the judge.

### Admit to Magistrate

This line is used to report uncontested cases that are terminated by admission or agreement before a magistrate.

### Certification / Waiver Granted

This line is used exclusively on the delinquency column to report cases transferred in accordance with §§2152.03 and 2152.12 O.R.C.

### Transfer

Cases transferred from the reporting judge to the judge in another juvenile court pursuant to Juvenile Rule 11 are reported on this line.

### All Other

Any case terminated in any manner not specifically required to be reported on the lines described above.

<sup>1</sup> Ohio Supreme Court Report Implementation Manual—Form D Juvenile Courts

## Judge

The Judge of the Wayne County Court of Common Pleas, Juvenile Division is elected to a six year term and is the chief judicial officer of the court. The judge of the juvenile court is also the clerk of the court. In order to qualify to seek the office of judge, a person must have received a law degree from an accredited college of law, must have taken and passed the Ohio bar examination and must have been admitted to the bar and been engaged in some form of law practice for at least six years.

## Magistrates

Magistrates must also be attorneys admitted to the bar. Magistrates are appointed by the elected judge and serve an indefinite term. Magistrates hear cases and conduct hearings in the same manner as the judge, however, their decisions are subject to objection by one or both of the parties to the legal action they are deciding. Upon written objection, the judge may decide to rehear the case, may modify the magistrate's decision or may remand (send back) the case to the magistrate for further hearing.

## Court Administrator

The Court Administrator is the person charged with responsibility for the overall operations of the court. The CA supervises staff, prepares and administers the budget, implements policies and procedures in concert with the judge to provide for the efficient operation of the court. It is not necessary for a court administrator to be an attorney but a growing number of court administrators are admitted to the bar.

## Deputy Clerks

Since the judge of the court is also the clerk of the court, the judge is authorized to appoint deputy clerks to assist in the administration of the court. Deputy clerks receive pleadings and other documents filed with the court, receive and distribute payment of fines, court costs and fees, issue notices and generally maintain the records of the court by processing the paperwork of the court from case filing to termination.

## AUTOMATION

In late 2009 the Judge of the Wayne County Juvenile Court along with the Judges of the Courts of Common Pleas and Municipal Court established Court Technology Committee. The CTC is made up of representatives of the administrative judges of each of the courts. Their purpose is to assist the judges in administering the combined computer fees generated by all of the courts.

The court periodically updates equipment as new technology becomes available. Computer funds generated by user fees controlled by the courts' Court Technology Committee are used to purchase equipment.

### Public Records Access

Although most of the juvenile court records are non-public, the court provides access to the few records that are public through the Internet. Records may be accessed through the Wayne County web site at [www.wayneohio.org](http://www.wayneohio.org) or through the court's web site at [www.wayneprobateandjuvenile.org](http://www.wayneprobateandjuvenile.org)

### E-Filing

The Court is working in conjunction with the Clerk of Common Pleas Court and Wayne County Municipal Court on an electronic filing procedure which will allow litigants and attorneys to file documents on-line.

### Document Imaging

Wayne County elected officials including the courts are working on a plan for imaging documents on computer rather than relying on paper pleadings and records.

### Credit Card Acceptance

The Juvenile Court is planning on introducing the use of credit cards for the payment of fines, costs and fees. Credit card acceptance is also a condition precedent to making e-filing available.

## APPOINTED COUNSEL

The U.S. and Ohio Constitutions require that parties understand their legal rights. In cases where there is a need for legal representation and the parties are financially unable to pay for private counsel, attorneys must be appointed at public expense. The right to counsel arises when there is a potential for loss of liberty or when a fundamental substantive legal right is at issue. The Court paid a total of \$92,629.87 for appointed counsel in 2010. Expenses by case type are as follows:

Delinquency / Unruly	\$ 4,572.00
Dependent, Neglect and Abuse Cases	\$ 77,911.87
Permanent Custody	\$ 7,616.00
Support	\$ 407.00
Custody	\$ 1,152.00
Appeals	\$ 908.00
TOTAL	\$92,566.87

The court paid \$44,895.00 of the \$77,911.87 for the dependent, neglect and abuse cases for attorneys appointed to serve as *guardians ad litem* for children involved in the court system. *Guardians ad litem* are unbiased persons who assist the court to investigate and make recommendations regarding the best interests of the children in court cases.

## OUT OF HOME PLACEMENTS

The Court's practice is to make use of local resources to rehabilitate youth. In some cases, however, community-based programs are not a viable option because of community safety issues, because the child's behavior presents a danger to his health and well being, or because the child has not been amenable to other efforts to affect change. In instances where it is necessary to place juveniles in private treatment facilities, group homes, therapeutic foster homes or Multi-County Juvenile Attention System facilities, the court system refers to this generally as "Out of Home Placement."

Juveniles found delinquent because they have committed a misdemeanor or felony may be placed in detention locally. Those juveniles who have been delinquent because they have committed an act which, if committed by an adult, would be a felony, may be committed to the Ohio Department of Youth Services or a Community Corrections Facility.

## OUT OF HOME PLACEMENTS

(Continued)

In the year 2010, a total of five youths were committed to the Ohio Department of Youth Services. Five youth were released by ODYS on parole.

Disposition Placements may be made into the Multi-County Juvenile Attention System (MCJAS). Twenty-nine such placements were made in 2010:

<u>MULTI-COUNTY FACILITIES</u>	<u>TOTAL YOUTH PLACED</u>
Community Corrections Facility	8
Residential Treatment Center	4
New Philadelphia Group Home	7
Stark County Juvenile Attention Center	4
Canton Group Home/711	6

Where appropriate, a juvenile may be placed in a facility other than detention or ODYS. As a part of disposition, the court determines which facility will be the most appropriate to reform the juvenile's behavior. The following is a summary of youth in such placement facilities in 2010:

<u>FACILITY</u>	<u>TOTAL YOUTH PLACED</u>
Village Network	9
Central Ohio Youth Center	9
New Philadelphia Group Home	1
CSB Foster Care	1
Buckeye Ranch	1
Bair Foundation	1

## PROBATION SERVICES

Probation is the court-based supervision of juveniles who have been adjudicated an unruly child or a delinquent child. Not all juveniles appearing before the Court are assigned to probation supervision. Probation officers monitor compliance with court orders as well as assist the child and family in improving the child's overall condition. Six full-time probation officers are employed by the Court and have arrest authority over any juvenile assigned to the department. Probation officers are assigned dependent upon the home school district of the juvenile. Routine contacts are accomplished through office appointments, home visits, and school visits. Additionally, probation officers provide referrals for the juvenile and family to local social service agencies or other service providers to address issues that have been identified as an area of need for improvement. Probation officers are also responsible to seek residential placement for juveniles who demonstrate a failure to comply with probationary efforts or present a risk to community safety or themselves. Probation officers maintain contact with the juvenile during their time in placement and assist in aftercare planning prior to the juvenile's release back to the community.

The Probation Department supervised a total of 134 youth placed on probation and prepared 48 pre-dispositional reports in 2010. A total of 66 youth were released from probation and 58 were placed on probation in 2010. Including 15 pre-dispositional reports that were still open at the end of the year, the probation officers worked with a total of 179 youth during this past year.

## RECYCLING

Throughout 2010, youth on probation placed recycle collection containers purchased by a grant from the Wooster Rotary Club at various sites in Wooster during public events. The containers were used at the Wayne County Fair, Italian Festival, Wooster Arts Jazz Fest, Kid's Day and the downtown Cruise-Ins, also the Wayne County Home & Garden Show and the Wooster Ethnic Fair. As a result, a large amount of recyclable material was removed from the waste stream. An estimated total of almost two tons of recyclable material was collected by the program in 2010.

## **SATURDAY AT WORK**

The Saturday At Work (SAW) is designed to provide an immediate response to youth who violate their probation or fail to complete their community service. The program also allows youth with difficult schedules or circumstances and who need direct supervision, an avenue to complete community service hours.

The SAW program allows five juvenile per Saturday to complete community service hours under the direct supervision of two trained social service professionals through a contractual agreement between the Court and the Village Network. The program is scheduled for two Saturdays each month, eight hours per day. Work sites vary according to the availability in the community and weather conditions. Youth are evaluated by the supervisory staff and are rewarded accordingly. The program is funded through the RECLAIM Ohio Grant and operates on a fiscal year from July 1 through June 30.

In FY 2010, there were 120 referrals made to the program with eleven unexcused absences.

## **LIFE SKILLS**

Since 1982, the Court has cooperated with Goodwill Industries to provide a job skills program that allows youth to develop appropriate works skills and experience. Youth are also able to earn funds to pay fines, costs and restitution. The Youth Services Program Manager is responsible for supervising these placements and working with the Goodwill staff to provide a support system for the youth. Goodwill also provides a life skills class to help those in the program learn about different careers, interview tips and how to apply for employment. This program is funded by the RECLAIM Ohio grant.

During Fiscal Year 2010, 18 youth were referred to job skills. Seventeen of those referred were successful and one was unsuccessful, four youth remained in the program working.

## GRANTS

The Court receives several grants that assist the court in covering the cost of services to youth.

The Ohio Department of Youth Services, which is itself funded by the taxpayers of the State of Ohio, apportions a grant called [RECLAIM Ohio](#) which stands for Reasoned and Equitable Community and Local Alternatives to the Incarceration of Minors. The purpose of the grant is to reduce the number of youth committed to ODYS by providing funding for programs designed to stop delinquent behavior in juveniles at risk for more serious offenses. The Court also receives grants called the “510” Fund from Youth Services Grant, and a grant to provide for Victims of Crime Assistance (VOCA/SVAA). The RECLAIM Ohio and the “510” Fund from Youth Services grants are both on a fiscal year running from July 1 through June 30, and the VOCA/SVAA grant is on a fiscal year running from October 1 through September 30.

The following is a summary of the amounts received in 2010 from these grants.

<u>Grant</u>	<u>Amount Received</u>
RECLAIM Ohio in FY 2010	\$289,731.43
“510” Fund From the Youth Services Grant FY 2010	\$165,581.00
VOCA/SVAA Grant FY 2010	\$20,505.00

## JUVENILES ADDRESSING RESTITUTION-JAR PROGRAM

The judicial system seeks to hold juveniles accountable for their actions as well as requiring them to make restitution for damages experienced by the victim. In cases involving violations against property, the Court strives to aid the victim in receiving compensation for damages or loss of property, caused by the delinquent acts of juvenile. In order to do this, the Court may require the payment of restitution to the victim. The ability to collect monetary compensation for the victim can be hindered by various factors such as the limited sources of revenue for the juvenile, the age or functioning level of the juvenile prohibiting employability, the availability of jobs, lack of transportation in order to obtain a job and parental inability to pay.

JAR is a program operated by the Court that provides a means for juveniles to pay Court ordered restitution - particularly in cases where the juveniles do not have the monetary resources to do so otherwise. Referral to the program is made from the bench by the Judge or Magistrate. Participation is on a voluntary basis. The program allows juveniles to perform community service work that is converted to minimum wage per hour worked. The Court's Youth Services Program Manager (YSPM) monitors and tracks the community services hours performed by the juvenile. The YSPM arranges community service work sites or in cases where the juvenile has access to a volunteer work source, they may make their own arrangements with YSPM approving the work site. Work hours are documented on the Community Service Time Sheet and the YSPM submits proof of completed hours to the Court for processing of payment. Restitution payment is made by the Court directly to the victim using money secured through the Youth Services/RECLAIM grant.

A probation officer of the Court serves as a compliance monitor for restitution cases. The probation officer/compliance monitor confers with the YSPM for those juveniles referred to the JAR program. Should a juvenile be appropriate for the JAR program and was not referred from the bench, the probation officer/compliance monitor may file a request with the hearing officer for the referral. A juvenile may be dismissed from the JAR program for failure to comply with the conditions of the program.

The purpose of the JAR program is to aid the victim of certain crimes committed by the delinquent acts of juveniles in receiving restitution for their losses as determined by the Court. While the primary goal is to repay the victims, the program does provide for the offender to be held directly accountable for his/her actions by giving of their time and effort.

## COMMUNITY SERVICE

Community service is a frequently used dispositional order that requires a youth to perform work beneficial to the community. The program provides youth with an opportunity to “repay” the community for the problems caused by the youth’s behavior, as well as provide the youth with the opportunity to gain work experience. Youth who participate in the Court’s Diversion program may also be assigned community services as a condition of that program.

In 2010, 4,337 hours of community service were ordered and 3,862 hours were successfully completed.

## YOUTH SERVICES PROGRAM MANAGER

The Youth Services Program Manager supervises the community services and Job Skills programs. She also organizes the Court’s “Adopt a Road” litter program and arranges transportation for youth to community service sites, Job Skills program, Book Club Program and recycling projects.

The Youth Services Program Manager also tracks all community service hours ordered by the Court and follows up with complaints on those cases with uncompleted hours.

## BOOK CLUB

Since the Book Club was established 2003, the Court has participated in an alternative community service option and invited appropriate youth to join the Juvenile Court Book Club. Youth are referred to the Book Club by either the Probation Officers or the Youth Services Program Manager. Participants read three to four books each session for which the youth receive community service credit. They must show that they have read the book and participate in bi-weekly “club meetings” to obtain credit. The Court offers special thanks to Carol Rueger and David Weisenberg, owners of The Wooster Book Company, who allow the club to meet at their store for discussions, also the Wayne County Public Library Rittman branch, and the Orrville Public Library. A library of books for young people is being created from funds made available through a mini grant from the Mental Health and Recovery Board and the Martha Hawks Bequest. Funds received are used to purchase books and create a library for on-going use by the Book Club.

In 2010, 25 youth participated and 21 were successful in completing the program.

## BOOK CLUB AUTHOR'S PROGRAM

Each year The Court hosts an author to speak to Court involved youth about current issues. In October 2010, the Court hosted Doug Brown, author of *Doug Brown: Beyond the Board*. Doug shared with the youth his ups and downs throughout his life, and how he found a positive, meaningful life purpose through skateboarding. Doug also included information about his Skate Straight Program, which he presents across the nation. Approximately 80 youth who had previously read the book were able to have their books personally autographed by Doug at this event.

## YOUTH DEVELOPMENT WORKER

Keith Waggoner of Your Human Resource Center serves as a Youth Development Worker for youth on probation through a contract with that agency. His main function is to provide opportunity for development of basic socialization skills and to this end, they develop and supervise recreational and social skills programming.

During the fiscal year, 15 youth were served in the boys' program. Of those 15 youth, two were terminated from the program during the fiscal year. Those two were successfully terminated. A successful termination occurs when a youth completes probation services and/or completes their goal laid out in their treatment plan.

The Fitting It All Together (FIAT) program has a successful weekly program entitled Hoops & Homework that takes place during the school year. Done in cooperation with the College of Wooster, Hoops & Homework allows youth who participate to develop a one-on-one relationship with volunteers from the College of Wooster Men's Soccer Team. Once a week the youth receive tutoring, a meal, and a chance to get involved in some physical activity with the volunteers. Both the youth and volunteers enjoy the program, which has now been running for six consecutive years, with a contract already signed for next year. Some youth participating in this program have shown a commitment to improving their academic record or school performance and some youth develop

better self confidence. Three youth graduated from high school in June 2010 that were participants in the Hoops program.

In addition to Hoops, the Youth Development Worker organized weekly educational and/or recreational programs throughout the entire fiscal year. Such activities are designed to provide structured pro-social activities in an ongoing format focused on enhancing life skills for juvenile males. Practical topics, coupled with hands-on activities, permit participating youth to improve their social abilities and develop additional skills. Some of the highlights in FY 2010 were a trip to attend the theater performance of "A Christmas Story" at the Cleveland Playhouse. Youth experienced zip lining at Hocking Hills State Park and two youth that had shown significant improvement attended PRIDE, a national youth alcohol and drug prevention workshop in Louisville, KY. In addition, clients attended a Cleveland Indians game, Akron Aeros game, a basketball game at the University of Akron and toured the campus. Clients also went on a trip to the Great Lakes Science Center and Pro Football Hall of Fame.

In addition to the group activities above, the FIAT program also develops and plans small group or individual activities. These include recreational activities like trips to the YMCA or Rittman Recreation Center for swimming and basketball. Youth also participated in activities at many of the local parks in Wayne County. The parks offer trails for hiking and biking as well as basketball, disc, golf, fishing, and swimming. Fishing is a popular activity for many of the youth, and fishing trips were planned at Bass Lakes, Shreve Lake, Charles Mills Lake and Silver Creek State Park.

The caseworkers also utilized local resources such as the Wayne County Public Library, OARDC, Alice Noble Ice Arena, and Wayne Center for the Arts Program to help develop new interests and/or enhance strengths. Many of the activities give the youth an opportunity to develop a skill or enhance existing skills which usually results in improved self-esteem and self image.

Youth are expected to complete community service projects to earn certain trips, or gain special privileges. Some of the sites used during the year were the United Methodist Church for the Meals Together Program. Youth completed projects like painting and landscaping work at Your Human Resource Center offices. The youth also helped with maintaining and cleaning around the Rittman F.O.P. Lodge, and participated in litter patrol at various parks in Wayne County.

## INTENSIVE CASE MANAGER

Angie Giltner, LSW, LCDC III serves as supervisor for the Intervention Program and Intensive Case Manager at Your Human Resource Center providing services for youth referred by the probation officers and Diversion Program. The Program receives monies from the Juvenile Court, Mental Health and Recovery Board funds, and raises approximately \$400 annually through private fundraisers.

The Youth Experiencing Success Group (YES) is an extensive 16-week program, is designed to empower girls, develop acceptable social, vocational, and educational skills, while increasing assertiveness, internal assets, and self-esteem/image. This Group also teaches resiliency skills against using drugs and alcohol, as well as healthy coping skills. YES allows the youth to experience various programming including instruction in creative outlets, such as cooking, making perfume, and other craft projects. In FY10, 14 young ladies participated in the Group; four were closed as successful and one moved out of the county.

The step-up Group, In It To Win It was developed to meet the growing needs of the young ladies who successfully completed the YES Group. The In It To Win It Group is a voluntary group for young ladies who strongly desire to continue their personal growth by working toward “having better, being better, and doing better than their former selves.” This Group addresses short- and long-term goal setting and achievement, independent living skills, and being a positive role model; there is no set time frame for this group as it is voluntary and young ladies are welcome to stay as long as they continue to progress. In FY10, this Group contained 6 young ladies; one of these young ladies successfully stepped-up from YES Group during this fiscal year. There was one successful completion, as she turned 18 and obtained full-time employment, and one moved out of the county.

A total of 26 young ladies participated in these two programs in FY10. Of these 26, four successfully earned their release from probation, five were deemed at-risk with no further court involvement, one obtained a full-time job, one entered college and finished in her 1st semester on the Dean’s List, two obtained their GED, and one graduated high school. Eighteen young ladies remain in school and are on-track to move into their next respective grade. Unfortunately, one young lady in the In It To Win It Group completed probation on a negative note due to her lack of regard for the programming in place to help her deal with personal issues and her substance abuse problem.

Five young ladies earned the summer reward trip to Erie, PA and Niagra Falls, NY. These five young ladies worked through the WIA program,

Transitions, to obtain summer employment and saved at least \$100 to spend on the trip. Other criteria for the trip included, all clean urine drug screens for the previous 6-months, on track with their education, program and Juvenile Court compliance, and a voluntary community service project, during which they helped decorate the newly renovated Wayne County Children Services' lobby and participated in Child Abuse Prevention Week activities. During this trip the young ladies learned about the history of the Brig Niagara, toured the Falls, and enjoyed a water-part in Erie.

## **PARENTS AND CHILDREN COOPERATING TOGETHER**

PACCT is a home-based family therapy program provided by contract through Catholic Charities Community Services. Anita Miller, Kate Burke and Sheryl Villegas serve as therapists for this program. To be eligible for services, families must reside in Wayne County, have one or more children in the family referred as a condition of a diversion contract or be adjudicated delinquent or unruly. The program is funded by the agency, United Way and the Court. Youth at high risk for out-of-home placement are referred to this program along with youth who may avoid any court involvement by being successful with the program. The program is flexible and works with the family to address whatever issues are creating problems for the youth and their family. Services may be short term and intensive or continue for a longer period of time depending on the specific needs of the youth.

During FY 2010, 56 youth participated in the PACCT program. Youth and their family members were provided 424 hours of counseling.

A major focus of the program is to provide home-based counseling to referred youth and their families. This approach allows the therapist to address family issues that may impact the functioning of the referred youth as well as assist siblings to avoid future problems. Youth and families, at the time of the referral, also do not necessarily see the value of family counseling and one of the elements of the program is to find ways to interest families in engaging in the therapy process.

As a result of PACCT, Catholic Charities Community Services has developed anger management groups to aid youth in better controlling their feelings of anger and aggressive behavior.

## CLINICAL AND DIAGNOSTIC EVALUATIONS

The Court obtains psychological evaluations and risk assessments for a variety of reasons with the findings and recommendations of these evaluations used for case planning, dispositional options, amenability, sex offender classification purposes or for cases where out of home placements are being considered. The Court contracts with outside sources to obtain these evaluations. In 2010, 22 psychological and risk assessments were performed.

Drug screens are administered by the Court's probation officers as an aid in monitoring youth's compliance with probation or for evaluation purposes. In 2010, there were 209 drug screens administered.

Both the drug screens and the risk assessments are funded by the RECLAIM Ohio grant and are tracked on a fiscal year basis from July 1 through June 30.

## CARTEENS

The Court requested the assistance of The Ohio State University Extension Office in seeking Americorp funds to develop a Driver's Education Program for first time moving violations. 152 teen traffic offenders were referred to Carteens in 2010.

## VOLUNTEER GUARDIAN AD LITEM PROGRAM

Karin Connolly Wiest became the coordinator of this program in October 1998. Her position is funded through a one year VOCA/CASA grants with the County providing matching funds.

The program now has expanded to twenty-four trained volunteers with 24 serving actively. 105 children were served by these volunteers in 2010. Attorneys are appointed as GALs when volunteers are not available.

## INTERVENTION SERVICES

The director of Intervention Services, Janel Usternul, LSW, is responsible for implementation of the Diversion Program. The goal of the Diversion Program is to divert first time juvenile offenders from the court system. The Director receives referrals from the Prosecutor's Office, of juveniles who have had police reports filed. Referrals are also received from the bench if the Judge or Magistrates determine that the youth are eligible for Diversion. First time offenders with misdemeanor offenses and occasional felony offenses may be eligible for Diversion. The youth will comply with the program components, which may include:

- \*90 day minimum agreement
- \*daily attendance at school
- \*curfew
- \*community service
- \*essays
- \*no additional charges filed during Diversion Program
- \*referral to community resources (counseling, drug/alcohol education, anger management, shoplifting group)

If the youth completes all requirements of the agreement, the youth will be removed from the program and no further action will occur. If the youth does not meet the requirements of the Diversion agreement, the youth is then terminated from Diversion as unsuccessful. The original complaint that brought him/her to Diversion is returned to the Prosecutor for possible formal action, or back to the Court for disposition.

In 2010, The Director of Intervention Services received 159 new referrals. The number of youth who completed Diversion in 2010 was 116. Of these, 95 were successful, 16 were unsuccessful, and 5 were dismissed.

The Director of Intervention Services also coordinates the Truancy Intervention Program for the county's elementary schools. The goal of this program is to reduce chronic truancy problems in grades K-6.

For the 2009/2010 school year, there were 55 referrals made and 16 IAT meetings held. The referrals were from the following schools: Parkview Elementary (8), Hazel Harvey Elementary (2), Cornerstone Elementary (5), Lincoln Way Elementary (18), Maple St. Elementary (4), Orrville Middle School (2), Chippewa Middle (4), Wooster Twp. Elementary (5), and Shreve Elementary (7).

## THINK B4 U SEND

The Director of Intervention Services, in collaboration with Angie Giltner from Your Human Resource Center, was involved in creating and implementing a group call Think B4 U Send. This is an interactive, informational class which discusses proper use of technology, consequences of pressing send, what to do with unwanted/unsolicited material, and overall internet safety. Parents are highly encouraged to attend this class as well. This group is open to all youth/families of children age 12 and up. The group takes place at Your Human Resource Center in Wooster, is on the 2nd Tuesday of every month (a one time group) and the cost is \$25.00.

## FAMILY AND CHILDREN FIRST COUNCIL

Children who present multiple needs and specialized treatment placements are referred to the Wayne County Family and Children First Council. Administrative representatives of [Wayne County Children Services Board \(WCCSB\)](#), the [Mental Health and Recovery Board](#), [Wooster City Schools](#), Wayne County Schools, the [Mental Retardation and Development Disability Board \(MRDD\)](#), the [Wayne County Health Department](#), the Wayne County Human Services Department, and other agencies work together to set policy for the Council.

Janel Usternul, as Director of Intervention Services for the Court, serves as the juvenile court's representative on the clinical diversion team which also includes the Council coordinator and representatives from WCCSB, The Counseling Center, Wooster City Schools, Tri-County Educational Services, agencies with alcohol and drug services, and MRDD. Through a team approach this group formulates interagency cooperative planning (and funding) for referred youth with special needs.

## COMMUNITY AGENCIES -

### THANK FOR YOUR VALUED ASSISTANCE

As has been noted in prior reports, a belief in community-based programming would fail without the aid of local resources. The help of The Village Network, Your Human Resource Center, STEPS (Substance Abuse, Treatment, Education and Prevention Services), the Counseling Center of Wayne-Holmes Counties, Catholic Charity Services, Goodwill, Wayne Center for the Arts, and other community agencies is greatly appreciated.

### ANNUAL REPORT COVER

This year's cover features an image of the historic Wayne County Courthouse with the Wooster gazebo in the foreground. The image was taken by Jane Robbins, Administrative Secretary to Judge Leisy. The courthouse is located at 107 West Liberty Street in Wooster. It was designed by architect Thomas Boyd and built in 1879. The courthouse is built of stone and is attached to a brick office building that was built in 1869. The courthouse was constructed in the French Renaissance style.

The Wayne County Courthouse was placed on the National Register of Historic Places in 1973. Additional information on more of [Ohio's historic courthouses](#) is available on the web site for the Supreme Court of Ohio.

### Printing Costs

Ohio Revised Code § 2151.18 requires that the court include on each printed copy of the Annual Report the cost of each printed copy. Only two printed copies are being made in order to satisfy the legal requirement that two copies remain on file with the Court. Distribution of the Annual Report is again being made on-line in order to minimize costs. Click on Annual Report on the Court's web site at [www.wayneprobateandjuvenile.org](http://www.wayneprobateandjuvenile.org).
